
EDUCATION

B.A. Computer Science **Queens College** **Fall 2020 – Spring 2024**
GPA: 3.6 - Coursework: OOP (Java and C++), Data Structures, Algorithms, Architecture, and Operating Systems.

TECHNICAL SKILLS

- **Languages:** English and Cantonese
- **Programming Languages:** Office, C++, Java, Python, HTML5, CSS

EXPERIENCE

STEM Tutor **Luminary Tutoring** **Aug 2022 – Present**

- Group and Individual Tutor for Highschool and College Students in math (K through College), and Physics (HS and College) throughout NYC.
- Create and develop personal plans and strategies for my students on their subjects and individually pace the material towards them.

After School Teacher **RQM Tutorial** **Sep 2021 – May 2022**

- Planning, preparing, and implementing an approved curriculum that includes elementary math and literature, high school math and physics, SAT subjects (Math 1+2, Physics, Calculus), and AP exams (Calculus (A+B) and Physics).
- Individually tutored high school students on Trigonometry (97 avg) and Physics (94 avg)
- Helped 3 students achieve 800 (perfect) on the SAT Math section and 13 students achieve a 700+ score

Line Cook **Marta NYC** **Jan 2020 – Jul 2021**

- Garde Manger in a Roman-style Pizza Restaurant, overseeing all appetizers and sides on the Menu for Brunch, Lunch, and Dinner service working in a quick and efficient manner, and assisted the Head Chef in preparation of family meal.
- Met with team daily to plan ingredient portions and ensure adequate inventory for the restaurant and for service and maintained up-to-date knowledge of restaurant menu.

Prep Cook **Chipotle** **Mar 2019 – Dec 2019**

- Set up Grill, Fry, and Hotline for cooking, prepared ingredients for each station, set up for open, shut down for closing, monitored stock and recorded inventory daily.
- Maintained and sanitized kitchen surfaces, utensils, and equipment frequently, and regularly inspect work areas for potential health and safety hazards.
- Oversaw and trained junior prep cooks on preparation methods and generally health and safety protocols.

PROJECTS

Personal Website

- **HTML based website with CSS Design** (2022). Website with homepage, search bars, with interactive list & images, and shared on to GitHub as a template for others.
